DECISELY RECRUITER

Apply with QR Codes

Capture quality applicants directly from your fan base—your customers! The apply-with-QR-code method allows prospective employees to apply from just a scan with their phone camera. It's more effective than text-to-apply because it doesn't tap into messaging or data plans, and it's free from phone carrier blocking.

## Over 90% of candidates use their mobile devices to look for jobs.

How It Works

1 Applicant scans your QR code to view the job listing.

2 Applicant completes the online application form.

3 The application funnels into your applicant tracking system.

Magnify your QR code visibility by adding it to your:
