Advertising Your Jobs

When it comes to searching for a job, 42.9% percent of job seekers search by job boards. This is why we strongly encourage employers to advertise their open positions through job boards. Luckily, BizRun ATS offers a comprehensive selection of both free and paid job board options to help you spread the word about your open positions and attract the best and brightest candidates.

The screenshot displays a selection interface for job boards. Under 'Local Options', there are three items: Craigslist (description: 'A great resource for posting jobs online to your local community.'), Jobing.com (description: 'Jobing.com is a local job board network, segmented into cities, metro areas, and...'), and LinkedIn (description: 'LinkedIn provides the ultimate talent pool to source the best candidates for your hiring needs.'). Under 'National / Local', there is one item: Monster (description: 'Sponsor your job on Monster's popular network of job boards for maximum visibility with a...'). A summary box on the right indicates '3 Job Boards Selected' and lists Jobing, LinkedIn, and Craigslist with 'Remove' buttons. A 'Proceed to Checkout' button is also present.
