

## Fully-Integrated Franchise Recruiting Software

Decisely Recruiter is an applicant tracking system (ATS) designed for franchises that makes finding talented crew members easy across all your locations. With our easy-to-use online tools, we can transform the way your company finds new talent. Built to easily manage multiple brands or locations, Decisely Recruiter makes posting jobs online a breeze. Accept resumes and sort through applicants in a few clicks.

With the best and most flexible pricing around and support beyond compare, you'll find a team that is ready to dive in and help in any way we can to make your Decisely Recruiter experience as easy and seamless as possible.

Beat the tough labor market with Decisely Recruiter  
Visit [decisely.com/recruiter](https://decisely.com/recruiter) to get started today!

### Post jobs online

- Our great online partnerships allow you to post and advertise your job listings across the internet.
- Decisely Recruiter helps you manage the entire hiring process, from posting jobs, tracking applicant status, running background checks and making offers.
- We make posting to leading job boards easy. With dozens of free and premium options just one click away.

### Organize applicants

- A rich administrative interface allows you to post and manage your online job postings quickly and easily.
- Provide an inclusive, mobile-friendly way for applicants to apply for your open positions with our Text to Apply feature.
- Pass resumes to other managers for review, send mass "Thanks but no thanks" emails automatically, and design your own custom message templates.

### Hire great employees

- Decrease your overall time-to-hire with branded accounts, pre-populated with job descriptions and application templates with no setup or configuration required.
- With our applicant pooling feature, businesses with multiple jobs or locations can easily search for and add applicants to a job via a company-wide applicant pool.
- Send digital offer letters to selected candidates.
