## Post jobs online

- Our great online partnerships with top job boards allow you to post and advertise your job listings across the internet.
- Oasis Applicant Tracking helps you manage the entire hiring process, from posting jobs, organizing and sorting applicants to interviewing and onboarding.
- We make posting to job boards easy. With dozens of free and premium options just one click away.

## Organize applicants

- A rich administrative interface allows you to post and manage your online job postings quickly and easily.
- Keep track of notes and applicant status for each potential candidate.
- Pass resumes to other managers for review, send mass “Thanks but no thanks” emails automatically, and design your own custom email templates.

## Hire great employees

- Integrated screening questions allow you to quickly gauge each candidate's suitability.
- Rank your applicants to keep track of promising candidates throughout the hiring process.
- Send digital offer letter to selected candidates.
