

FACTORY HIRE APPLICANT TRACKING SYSTEM

Guided Setup Accelerates Your Hiring

Don't lose another second on software setup – let us do the work. Factory Hire's Guided Setup service provides customized implementation that's a no brainer. It's the fastest path to your best new hire.

"I want to thank you for all your assistance getting us up and running. It is going to make a huge difference with our external recruiting process."

- Chris, HR Generalist

DEVELOP YOUR PLAN

Your expert customer success manager will schedule an initial discovery call to understand your specific needs, and put together a clear implementation plan.

IMPLEMENTATION

We will handle everything from uploading your logo to setting up your custom workflows. We'll then take you through it, so every user hits the ground running.

START HIRING

Your system will be up and fully operational, and your people trained. And, should you need additional support, we are just a call away.
